SUNSHINE KIDS HISTORY

The Sunshine Kids Foundation was founded by Rhoda Tomitsco in 1982 while she was serving as a volunteer in the pediatric cancer unit of a hospital in Houston, Texas. After seeing the loneliness and depression among children during their extended hospital treatments, Rhoda has a vision to provide these young cancer patients with opportunities to participate in positive group activities which promoted self-esteem, personal accomplishment and just plain old-fashioned fun! Today, that vision has been realized many times over, as thousands of children from hospitals across the country have reaped the benefits of The Sunshine Kids Foundation's many programs and national and regional events. Funded by personal contributions, corporations and foundations, the Sunshine Kids continues, as it has since its inception, to provide all of its activities completely free of charge to the children's families and hospitals.

Berkshire Hathaway HomeServices – formerly Prudential Real Estate – is a proud partner of the Sunshine Kids Foundation. The Sunshine Kids Foundation provides a safe place for children with cancer to relax and just be "regular" kids for a while... a home away from home. The Sunshine Kids believes it found an excellent partner in Berkshire Hathaway HomeServices because of the strong parallels in each organization's philosophy, mission and goals.

Since the inception of this partnership, brokers and agents have generously assisted the SSK by planning exciting fund-raising events, participating in the "listing" program, and taking an active role in activities and national events designed for the Kids.

Because of socially responsible companies like Berkshire Hathaway HomeServices Florida Properties Group, the Sunshine Kids foundation is able to carry on with the rewarding work of serving the needs of young cancer patients.

TURN YOUR CARING INTO ACTION. BE A PART OF SUNSHINE KIDS.

Yes, sign me up!

☐ I would like to contribute (per payroll/commission check):

☐ \$5 ☐ \$10 ☐ \$25 ☐ \$50 ☐ \$100 ☐ Other: \$ _____
