

TestimonialTree

We've partnered with Testimonial Tree because we know how crucial referrals are to your real estate business. Testimonial Tree helps improve online reputation, social presence, SEO, and client satisfaction to gain more referrals and sell more properties.

How to get the MOST out of Testimonial Tree

Quick Tip

- Add a testimonial collection link to your email signature

Get the most out of your testimonials

- Share them on social media! Use the image generator to create beautiful testimonial graphics with just a few clicks.

Have a Google Business listing, Yelp account or Facebook Business page?

- Connect to them and customers who give you positive testimonials will be directed there so you can gather more reviews there too!

Google facebook yelp realtor.com

Gather some new content

- Contact existing customers who you don't have a testimonial from
- Send requests through Testimonial Tree via email or text message

Connect to Realtor.com and Zillow

- After you make this connection, any new testimonials you receive will automatically feed to these sites

Visit the Agent Help Site
